

THE URBAN FREIGHT
CONFERENCE OF 2004

Inter- and Intra- Urban Freight Distribution
Networks

cityfreight 

SAS Radisson Alcron Hotel, Prague,
Czech Republic
16th–17th December 2004

CITY FREIGHT

Inter- and Intra- Urban Freight Distribution Networks

CITY FREIGHT is a European research project on inter- and intra-urban freight distribution networks. It carries out analysis of freight transport systems already functioning in Europe and evaluates their socioeconomic and environmental impacts in an urban context. CITY FREIGHT has identified and focused on innovative and promising logistic schemes in the seven countries represented in the project consortium.

The objective of the project is to provide guidance to interested stakeholders (government, regional, or local authorities, network operators, shippers and consignees) on the advantages and drawbacks of some recent innovations in the field of inter-and intra-urban freight distribution systems.

This conference will be an opportunity for the consortium to:

- report findings and results from the project
- gain input from other experts in the field
- network within the urban freight solutions arena.

And will be of most interest to:

- city government policy makers and planners
- freight logistics professionals
- transportation planners
- land use planners
- and those interested in sustainable development.

Prague was chosen as a favoured destination for our event due to its spectacular architecture and historic allure. The Radisson Alcron Hotel was chosen as the venue because it boasts a central location and has outstanding meeting facilities making it an ideal venue for international business travelers. We will be accommodated in the Crystal Ballroom, with its glass roof providing a very comfortable natural light

Prague numbers among Europe's most esteemed cities and in the free time outside of the daytime conference a dinner will be held on the evening of Thursday 16th in a typical Prague eating establishment.

Delegates can also take in the local Czech festive magic of the Christmas markets. These markets are a great place to come together and share some holiday spirit.

CITY FREIGHT participates to the LUTR (Land Use and Transportation Research) cluster, which links several projects in the area of sustainable urban mobility, including land use, transportation, and the environment. LUTR info can be found at www.lutr.net

Inter- and Intra- Urban Freight Distribution Networks

PROGRAMME

Conference Chair, Tom Zunder, Freight & Logistics Manager, NewRail

Thursday 16th December 2004

Starting at 10:00 and ending at 16:30

- CITY FREIGHT: Inter and Intra Urban Freight Distribution Networks
Hugues Duchateau, STRATEC
- EU Research Efforts To Promote Sustainable Urban Mobility
Eric Ponthieu, DG Research, EC
- Methodology For Urban Freight Solutions Development
Jean-Claude Dellinger, Cybernetix
- The Development Of Underground Deliveries In The Helsinki Metropolitan Area
Ilkka Salanne, WSP LT Consultants Ltd
- Coordinating Urban Freight And Waste Flows In The Hague: A Teamwork Solution
Sander Kooijman, Buck Consultants International
- Factors For Success: Urban Distribution in Malaga
Auora Ruiz, INECO
- The Hard Facts About City Logistics - A Multiple Scenario Analysis Of Goods Flows In And Around Brussels
Eric Monami, STRATEC

CONFERENCE DINNER

A conference dinner will be held at Restaurant "U medvídkù". The restaurant is in the historic centre of Prague and dates back to 1466. It is well known for its traditional cuisine and hospitality.

Friday 17th December 2004

Starting at 09:00 and ending at 13:00

- The Success Or Failure Of City Logistics In Germany
Heike Flaemig, Technical University Hamburg-Harburg
- Solving The Urban Freight Dilemma: Harnessing The Market For The Public Benefit
Roberta Weisbrod, Partnership for Sustainable Ports
- CITY FREIGHT Toolbox For Success:
Femke Van Der Zanden: Buck Consultants International
- Open Forum: What Makes For Success Or Failure In Urban Freight Initiatives?
Round Table Discussion

THE URBAN FREIGHT CONFERENCE OF 2004 16th& 17th December 2004

To register for the event please complete the form below and fax your information to +44 (0) 191 222 5821 or email sian.evans@ncl.ac.uk
