An International Conference  
in memory of  
Mario Lucertini and  
Stefano Pallottino

**Cortina d'Ampezzo**  
Dolomites, Italy  
February 5 – 9, 2007

**Location**

The fourth edition of the Airo Winter Conference will take place in the worldwide renowned winter resort Cortina d'Ampezzo, in the heart of the most beautiful peaks of the Dolomiti, in the same location where the successful edition of "AiroWinter2005", was held ([www.iasi.cnr.it/aw05.html](http://www.iasi.cnr.it/aw05.html)). The previous edition of the Winter Conference of the Italian Operations Research Society was attended by more than 70 scientists from international universities and provided its participants with excellent scientific quality, a simple and relaxing environment, and the opportunity to enjoy one of the most renowned and scenic skiing resort. For the next 2007 edition we are planning an even more interesting and fruitful event. The *Collegio delle Orsoline*, an ex private school completely renewed provides excellent conference facilities and a simple and warm hospitality. The Collegio is located in the woods at few minutes walking from the center of Cortina, towered by the Faloria massif, and the peace and the view that can be enjoyed are just inspiring and unique.

**Call for abstracts**

The conference will host contributions in all areas of Operations Research. Researchers wishing to attend the Conference are invited to submit to an abstract of 300 words in text format without figures or formulas, specifying title, authors (affiliation and e-mail, speaker as first author, one talk per speaker), three keywords and a maximum of five references.

**Accommodation**

Most participants can be boarded at the Collegio, which provides for them very convenient rates and a sober and comfortable environment for exchanging ideas and enjoy social activities. Beautiful skiing facilities can be reached by car in few minutes. All rooms have private bathroom, direct telephone line and TV upon request; few apartments are available for families or groups.

**Important dates**

- Abstract submission: October 20 2006
- Notification of acceptance: November 1 2006
- Registration and payment: November 10 2006
