

InterRecherche is pleased to invite you to

## Getting Ready for the 2007-2013 EU Financing Opportunities

### Seminar on Energy, Transport and Environmental European Projects

**21 September 2006**  
**Hilton Brussels Residence**  
**Brussels**

#### ABOUT INTERRECHERCHE

InterRecherche was created in 1998 as a management consulting company under Belgian law. Our company assists specialised firms in canvassing contracts and implementing EU programmes. We provide high quality support focused on the effective implementation of developed solutions.

InterRecherche offers unique, comprehensive services and counts on a group of experts who - in responsible positions - have gained a wide variety of consulting experience in the context of multinational cooperations with European companies.

InterRecherche's main aim is to enable the access to opportunities by recommending the most effective way of presenting a company's capability of carrying out European Community programmes.

#### SEMINAR DETAILS:

- Location: Hilton Brussels Residence, Brussels, Belgium
- Date: 21 September 2006
- Language: English
- Registration deadline: 14 September 2006

#### WHY TO ATTEND THIS SEMINAR

The new EU funding schemes for 2007-2013 shall be soon put in place; furthermore, the first calls under FP7 are expected to be launched by the end of 2006. The upcoming programs focused on energy, transport and environment (FP7, Marco Polo II and LIFE+) provide relevant financial opportunities for entities acting in these fields. The total budget for the next seven years is approximately 53 billion Euro. Understanding the funding mechanism, the general participation rules and being provided with first hand information about these programs considerably increases your chances of developing and implementing your business ideas with the support of the EU future financial instruments.

Attending this seminar is an **excellent opportunity** for you to:

- ✓ be informed about the actual Marco Polo I call with the deadline of 11 Oct 2006, as well as about the successor program Marco Polo II
- ✓ be aware about the new funding opportunities within FP7 and LIFE+
- ✓ learn how to write, implement and evaluate a successful project proposal
- ✓ get insight knowledge about how to win a tender
- ✓ experience best practices in European Funds application from representatives of companies that succeeded in their applications - why were their projects accepted?
- ✓ what are the current and future perspectives for SMEs participation in energy, transport and environment programs, first-hand information provided by EC speakers
- ✓ meet potential partners from across Europe for your future projects.

**Targeted group:** companies, researchers, universities and other organizations or bodies acting in energy, transport and/or environmental field.

**Tailored event:** This seminar is purpose-designed to address your interests and concerns. We encourage all attendees to submit questions and issues which they would like to be answered within the workshops. You are most welcomed to submit them up until 7 days before the event will take place.
